

BONALDO

Narciso

Designer: Marconato and Zappa

The rectangular shape and the rounded corners are the main characteristics of the Narciso mirrors, available in two different sizes. The profile, a metal frame available in different finishes, is transformed in the bottom section, widening towards the support base, thus creating an empty space between

the mirror and the base resting on the floor. The frame can be chosen in anthracite grey and black metal or in bronze, pearl gold, platinum and lead plus metal finishes.
