

## SPECIFICATION

RANGE: **PEDONE**

Design: **Caimi Lab**

Codes: **1516-CB, 1516-CN, 1516-C**

Dimension:  $\varnothing$  2,5 cm, depth 5,5 cm

Description: wall coat rack made of epoxy powder-coated steel in glossy black or white or glossy chrome.

The object is composed of a conical element available in powder-coated or chrome-plated versions, with a hole for the wall fixing screw, equipped with an internal thread for the aggregation of the knob element, also available as powder-coated or chrome-plated.

Between these two elements is placed a ring nut always in chrome-plated steel.
