

BONALDO

Image

Designer: Gino Carollo

Characterized by an unusual texture, Image immediately grabs the attention thanks to its moulded glass doors which resemble an idealised bas-relief. The front of the sideboard presents an abstract geometric pattern. As a piece of furniture, it demonstrates the combination of research into decorative qualities

with volumetric purity, thereby facilitating its insertion into a wide range of spatial contexts while as a stylistic choice, it is enhanced through its finishes and the choice between bronze or lead colours.
