

# QADRO

freestanding | media stand

---

# Design story

ICF presents Qadro Freestanding, a brand new idea for meeting the challenges posed by the new way of working and creating a new perspective inspired by a completely unusual focus: the monitor and its surroundings, the new linchpin of the office environment, because it is precisely around it that the new working rhythms flow: meetings, international calls, brainstorming sessions, educational initiatives, staff training, operational meetings, time-outs... And this is where Qadro comes in, an adjustable base element that enables users to create and re-modulate the space to suit the variety of activities it needs to be capable of hosting.

The inspiration is very simple: the frame, a basic unit which, by multiplying itself, creates a complex and multi-faceted image that is continuously changing. Starting from this concept, Qadro Freestanding presents itself as a simple monitor-base that is evolved, developed, and diversified to characterise all the surrounding space.

## Qadro monitor stand with storage box

Modular frame in anodized extruded aluminum, die-cast aluminium base on castors, monitor holder unit in painted tubular, side monitor bands, storage box in extruded aluminium with sliding doors in Felt or in Fenix

## Qadro monitor stand with panels

Modular frame in anodized extruded aluminum, die-cast aluminium base on castors, monitor holder unit in painted tubular, optional sheet metal cable tray, panels in sound absorbing felt

# Specifications

- 1 **Frame:** Modular frame in aluminum profile.
- 2 **Monitor holder unit:** Monitor holder unit in painted tubular suitable for screens from 50" to 75". Screens may extend outside the perimeter of the frame.
- 3 **Cable tray:** Painted sheet metal cable tray.
- 4 **Bands:** Side and back monitor bands in felt.
- 5 **Shelves:** Extruded aluminum shelves, anodized finish.
- 6 **Storage box:** Extruded aluminum storage box with felt or Fenix sliding doors
- 7 **Base:** Base in die-cast aluminium, polished or painted, on castors, no. 2 with lock.

## QMSA

monitor holder unit on castors, suitable for screens from 50" to 75", anodised modular frame in aluminum profile, base in die-cast aluminium, polished or painted.

---

## QMSB

monitor holder unit on castors, suitable for screens from 50" to 75", anodised modular frame in aluminum profile, base in die-cast aluminium, polished or painted, two shelves in anodised extruded aluminium.

---

## QMSD

monitor holder unit on castors, suitable for screens from 50" to 75", anodised modular frame in aluminum profile, base in die-cast aluminium, polished or painted, two shelves in anodised extruded aluminium, storage box in extruded aluminium with sliding doors in felt or Fenix.
