Q-Four XL

Design: STUDIO OMEGA

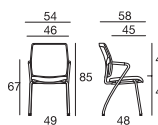

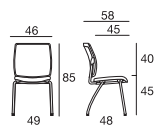

Versione XL – si differenzia dalla versione standard per avere lo schienale più alto di 4 cm e il sedile più imbottito e realizzato con la tappezzeria dotata di fascia laterale; entrambi i dettagli valorizzano l'insieme della proposta. La versione XL mantiene tutte le caratteristiche strutturali e di componentistica di Q-Four ed è proposta nelle varianti RETE (tipo N) e AIR (membrana tappezzata in ogni rivestimento a cartella). La cornice dello schienale XL, che è realizzata in Nylon, è proposta nei colori grigio (GR/19), nero (NE/09) e crema (CM/71), mentre la finitura della struttura è: colore nero (N), grigio alluminio (VA) e cromata (CR).

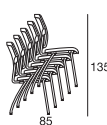

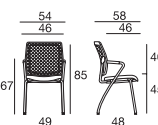

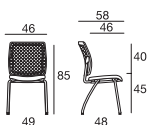

XL version – differs from the standard version in having the backrest higher than 4 cm and the seat more padded and made with upholstery with the side band; both details enhance the overall proposal. The XL version maintains all the characteristics, components and finishing of the Q-44 standard backrest. The XL version is suggested with backrest in RETE (mesh, N type) and AIR (inner mesh with foam coupled with any kind of covering). The XL backrest's frame is made in Nylon, suggested in grey colour (GR/19), black colour (NE/09) and white cream (CM/71). Metal frame finishing: black (N), grey aluminium (VA) and chromed (CR).

Version XL - diffère de la version standard par le fait que le dossier dépasse 4 cm. et le siège, qui est plus rembourré, a la tapisserie avec une bande latérale; les deux détails améliorent la proposition globale. La version XL, qui maintient toutes les caractéristiques de la structure et des composants de la série Q-Four, est proposée dans les variantes RETE (type N) et AIR (membrane tapissée dans tous les revêtements du nuancier). Le cadre du dossier XL est en Nylon, proposé en couleur grise (GR/19), en couleur noire (NE/09) et en crème (CM/71), finition de la structure: noire (N), gris aluminium (VA) et chromée (CR).
