

BONALDO

Tirella

Mixing the ingredients together in an unprecedented manner, to achieve a new recipe, a new flavour, a new shape. A different concept of the cushion, the way to combine the various elements, the inspiration drawn from the shape of fabric swatches laid on the top of a cutting table and from the clothes hanging out to dry on the line on a sunny day: these are the

ingredients for the new recipe devised for the Tirella armchair. At the level of the armrests, the metal frame is “enveloped” by cushions that become structural and concurrently decorative components of the armchair. The upholstery on the seat cushions and backrest/armrest is completely removable.
