

RAMA INFOSHEET

DESIGN ARIK LEVY

**NL**

Het design van de Rama fauteuil is geïnspireerd op Japanse origami. De omgevouwen stoffering van de hoofdsteun is een herkenbaar detail van deze vouwkunst. Met zijn gebogen en hoekige vormen nodigt Rama uit om in te gaan zitten. De double skin stoffering van de kuip staat garant voor een strak lijnenspel aan de buitenzijde terwijl de zachte binnenzijde het zitcomfort waarborgt. Een opmerkelijk detail is de leren lus aan de achterzijde van deze oorfauteuil.

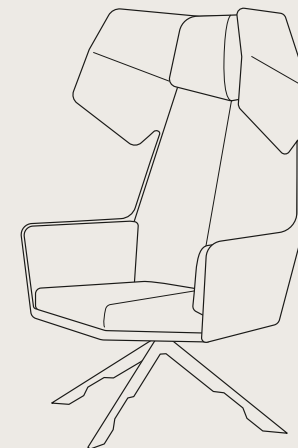

DE

Das Design des Rama-Sessels ist von der Origami-Kunst inspiriert. In der gefalteten Kopfstütze ist die japanische Faltkunst deutlich zu erkennen. Mit seinen gebogenen und eckigen Formen lädt Rama zum Sitzen ein. Die doppelwandige Konstruktion der Sitzschale garantiert ein elegantes Linienspiel an der Außenseite, während die weiche Innenseite äußerten Sitzkomfort gewährleistet. Ein markantes Detail ist die Lederschleife an der Rückseite dieses Sessels.

FR

Le design du fauteuil Rama s'inspire des origamis japonais. Le garnissage replié de l'appui-tête est un détail identifiable de cet art du pliage. Avec ses formes cintrées et angulaires, Rama invite qui-conque passe devant le fauteuil à s'y asseoir. Le garnissage double skin de la coque est gage d'un jeu de lignes épuré à l'extérieur, tandis que l'intérieur toute douceur garantit un confort inégalé. Détail remarquable : la boucle en cuir à l'arrière de ce fauteuil à oreilles.

RAMA

Dimensions (in cm)	width	height	depth
	80	134	84

The design of the Rama armchair is inspired by Japanese origami. The folded upholstery of the headrest is a recognisable detail of this art of folding. With its curved and angular shapes, Rama invites you to take a seat. The double skin upholstery of the seat shell guarantees a sleek play on the outside while the soft inside guarantees sitting comfort. A remarkable detail is the leather strap on the back of this winged chair.

UK

SHELL

Wooden seat shell with high-quality HR Eco foam with a layer of Dacron. This drastically reduces friction and wear of the fabric.

BASE

4-toed steel base finished with a matte fine powder coating. Stainless steel base and a rotatable steel 4-leg base are optional. Powder coating available in various standard colours. Alternative colours on request.

UPHOLSTERY

Aside from the Casala upholstery, there is a wide fabric collection available from renowned manufacturers. Alternative upholstery on request.

NL

ROMP

Houten kuip voorzien van hoogwaardig HR Ecoschuim met een laag Dacron. Hierdoor wordt wrijving en slijtage van de stof drastisch gereduceerd.

ONDERSTEL

4-teens stalen onderstel afgewerkt met een matte fijnstructuur poedercoating. RVS onderstel en een draaibaar stalen 4-teens onderstel zijn optioneel. Poedercoating verkrijgbaar in diverse standaardkleuren. Overige kleuren op aanvraag.

STOFFERING

Naast de Casala stoffen is er een brede stoffencollectie beschikbaar van gerenommeerde fabrikanten. Overige stoffen op aanvraag.

DE

RUMPF

Sitzschale aus Sperrholz mit hochwertigem HR Eco-Schaum mit einer Dacron-Schicht. Hierdurch werden Reibung und Verschleiß des Stoffs drastisch reduziert.

GESTELL

4-strahliges Stahlgestell, verarbeitet mit einer matten Feinstruktur-Pulverbeschichtung. Edelstahlgestell und ein 4-strahliges Drehgestell sind optional. Pulverbeschichtung erhältlich in verschiedenen Standardfarben. Weitere Farben auf Anfrage.

POLSTERBEZUG

Neben den Casala-Stoffen ist eine umfangreiche Stoffkollektion renommierter Hersteller verfügbar. Weitere Stoffe auf Anfrage.

FR

CARCASSE

Coque en bois pourvue de mousse Eco HR de haute qualité avec une couche de Dacron. De ce fait, le frottement et l'usure du tissu sont sensiblement réduits.

EMBASE

Embase en acier à 4 bras revêtue d'un coating en poudre mat à la structure délicate. Embase en INOX et embase pivotante en acier à 4 bras en option. Coating en poudre disponible en différents coloris standard. Autres coloris sur demande.

GARNISSAGE

Outre les tissus Casala, une vaste gamme de tissus de fabricants de renom est disponible. Autres tissus sur demande.

GENERAL INFO

CASALA GUARANTY

Casala guarantees that delivered products retain their functional properties for a period of 5 years. The warranty period commences on the date of delivery and is not interrupted, impeded or renewed when a warranty service has been provided. We can handle complaints quickly when you send a clear description together with photos, the model number, the order number and the date of manufacture to Casala. You can find this information on the production sticker under the chair or table.

CASALA CERTIFICATION

Casala continually strives to reduce the environmental impact in the development of our products. During development, care is taken to make responsible use of raw materials and production techniques. For many years Casala has been working with dedicated suppliers and producers conformed to the ISO14001 standard. This standard is used worldwide to start and assess environmental management systems. In order to ensure wood and paper products originate from responsibly managed forest.

Thanks to the established quality requirements and control of production processes, Casala's project furniture guarantees excellent quality, long life and durability.

CASALA CIRCULAR ECONOMY

Casala realises it is responsible for the environment and the economic and social well-being of our world and considers it important to make a structural contribution. Our objective with regard to Circular Economy is simple: successful corporate social responsibility with focus on a sustainable world. During the design phase we determine the products and materials and examine their impact and behaviour in the product chain. These choices are the basis of adequate management of products and materials. For many years Casala has been working with raw materials that mainly originated in Western Europe. The required transport kilometers are thus kept to a minimum. This contributes to the lowest possible CO₂ emissions.

Chairs are frequently discarded after use and seen as waste. This is unnecessary, as the parts are often not at the end of their life cycle. Therefore Casala chooses to refurbish various items from our product range and offers CE guarantee on multiple programs.

When purchasing new furniture, you decide in consultation with Casala whether you want to make use of the CE guarantee. Casala CE comes with an official certificate. The moment you want to replace the furniture, you can return this CE certificate. Every CE-certified product will receive a cash refund, a nice start for the purchase of new furniture. This contributes to a more sustainable world, the foundation of Circular Economy. Result: a chair with the same quality and warranty conditions as a new chair.
