

JASON SOFABED

Daybed

Description:

With Jason, Softline has launched a brand-new model that builds a bridge between different uses and furniture types. It combines an appealing modern design with a practical function as a sofa bed. With a high back with gently rounded corners and a mattress with soft edges, it's a contemporary bed for relaxing, hanging out or having a confidential chat, whether it's in the living room or a public user-oriented environment. The possibilities for combining materials, fabrics and colours are as endless as its uses.
